Dear Poteet ISD Parents/Guardians,

We want to make sure you have accurate information regarding how PISD is handling concerns about the coronavirus and recent media coverage surrounding the respiratory illness. I want to assure you that Poteet ISD is keeping track of the situation through proven and trustworthy sources: San Antonio Metropolitan Health District, the Texas Department of State Health Services (DSHS), and the Centers for Disease Control and Prevention (CDC). We are following guidance received from the Metro Health regarding appropriate screening and infection control. **These health officials believe the risk to our school community is low at this time.**

Based on the current information, health officials are recommending local communities and schools should take the same steps to protect against coronavirus as we take to prevent the spread of everyday illnesses like the common cold or the flu:

- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- **Stay home when you are sick.**
- Cover your mouth and nose with the inside of your elbow when you cough or sneeze.
- Clean and disinfect frequently touched objects and surfaces.

While a new type of illness can be scary, we can protect our students, staff, and community by using simple everyday actions that protect people from other types of respiratory viruses. This is important not just to help prevent the spread of coronavirus, but to help prevent the spread of other infections that can lead to illness.

Sincerely,
